Thanks to Hike for Hunger sponsors we were able to help another 5,000 individuals over the past year with their basic needs for food, clothing, household items, work shoes, diapers, baby needs, rent or utility assistance, and more.

You've always been needed to serve the mission behind the Hike for Hunger. This time is no different, and the stakes are even higher. We are inviting our sponsors to help continue to feed the need through the COVID19 pandemic. The event is going virtual and creates even more ways to recognize our sponsors.
